

# END OF YEAR PROMOTION 2020!

\*\*\*\*\*

## Sanger Sequencing Prepaid Packages

### U-mix

You mix DNA and primer – we sequence, purify, load and analyse the samples. You receive the complete unedited sequence. Here read lengths of over 1100 bp are possible.

#### Prepaid packages:

|                               |                            |               |                     |
|-------------------------------|----------------------------|---------------|---------------------|
| <b>U-mix prepaid package:</b> | <b>plate of 96 samples</b> | <b>215 €*</b> | <b>(per plate)</b>  |
